

OJ Premium Strong Beer

Producer: Liquor Zaar

SUMMARY OF DECISION

The Independent Complaints Panel (Panel) stated that the packaging placed undue emphasis on the drink's higher alcoholic strength due to a combination of the size and presentation of the ABV, word 'strong' and imagery of a 'strong' person. The Panel also found that the packaging, which contained more than 4 units of alcohol, directly encouraged immoderate consumption.

LICENSEE ACTION + TIMETABLE FOR IMPLEMENTATION

Licensees are asked not to place orders for stocks of OJ Premium Strong Beer with the existing packaging as shown after **15 December 2025**. Licensees who place orders before this date should consider limiting the order to the quantity that would normally be sold by this date.

Licensees who currently stock the product shown opposite should take careful note of the Licensee Action and Timetable for Implementation sections.

The following should be borne in mind:

- Manufacturers are not legally bound to buy back stock from retailers even if the current stock infringes the Code;
- Licensees should continue to honour any existing purchase orders and not sell existing stock other than by normal retail trade;
- When reviewing a liquor licence, a licensing authority may enquire about licensees' compliance action with regards to products that breach the Code, so it would be advisable to keep any relevant records, for example the date of new orders placed.

The Portman Group Code is supported by over 180 Code signatories representing the overwhelming majority of the drinks industry. The Secretary of State's Statutory Guidance under the Licensing Act 2003 states that licensing authorities should, in the exercise of their licensing functions (in particular, in relation to an application for the grant, variation or review of a premises licence), consider whether it is appropriate to impose conditions on licences that require the licence holder to comply with the Portman Group's Retailer Alert Bulletins.
